Following the success of her recent stand-alone novel, *White Chocolate Moments*, bestselling author Lori Wick returns to delight readers with a new series set in the vast open places of Montana.

Token Creek, Montana Territory, 1880—Cassidy Norton is a fine seamstress who makes her living sewing for others. Amid the bustle of a busy frontier town, her life is rich. What time her business doesn't take, her friends and church family fill. But Cassidy hasn't always lived in Token Creek, and few people know her full story. So she struggles with a nagging unsettledness in her heart.

Cassidy's friend Meg is married to a rancher and has a baby, something Cassidy wants for herself. But that would mean revealing the details of her life. Will Cassidy find the strength to take that risk?

Book 1 in the Big Sky Dreams series.

Reviews of the **Cassidy (Big Sky Dreams, Book 1)** by Lori Wick

Xarcondre

I thought the romance in this one was a bit out of left field. I mean I liked Cassidy and Trace as a couple, but we had no warm up to their couple-ness. I guess it came upon the reader as it came upon Cassidy and Trace, by surprise! ha! Otherwise I really liked this story and Cassidy was a sweet girl who had wonderful morals. Especially when it came to not gossiping about other people. Trace was the perfect cowboy/rescuer/hero even though he was a bit slow and did things a bit backwards in the romance department. The author does tend to preach in her books, but always short "sermons" that lead the characters to make better choices in their lives and point them towards a more perfect relationship with the Savior. If you are looking for passionate kisses in this one don't count on it! Sweet pecks here and there and some longing looks, but that is as far as the physical goes. And just in case you are wondering, I love stories like this!

tref

Loved being back with Lori Wick it had been awhile. Cassidy had a past that haunted her. But with the love and understanding of her church family and the town she was able to get past it. She also had the love of a good man by the name of Trace. He took her for who she was inside and out. Looking forward to reading the other two in the series.

Moogugore

Great messages that can apply to everyday living, even though it is set back in the 1800's. I recommend it.

lacki

Cassidy Norton spends all her days either working in her clothing shop, or spending it with friends from her church family. Despite the hustle and bustle of the small frontier town in Montana Territory, 1880, her life is full, rich and always interesting.

She hasn't always lived in Token Creek, and despite her close friendships with several people and families, she feels like she is keeping a secret by not telling her friends the full story of her past. Thinking she is safe with the people in a town she has grown to love, will the past catch up to her? Or will her reluctance to be honest and forthright cost her more than she is willing to pay?

While this western romance was an easy, fun read, I didn't understand why the author used the phrase "that lady" or "that man" instead of "she" and "he". It's simplicity is much different than I'm used to reading, but it seemed stilted somehow, and odd as far as dialogue goes.

The characters were as big as life, and the story moved along at a comfortable pace. The plot was interesting, and caught me by surprise several times. The characters grew in faith, fell in love, and grew closer together. Human emotions such as fear, love and forgiveness were explored, and the church family should be an inspiration to believers everywhere. A book I will read again and lend/give as gifts.

Xtintisha

Cassidy (Big Sky Dreams #1) All of Lori Wick's series are excellent, and this is no exception. I know the rest of the series (Big Sky Dreams) will be just as wonderful. I really enjoy the way that Lori Wick lets you know how all the main characters are feeling. She really captures feelings and emotions. I was right there in Cassidy's shoes as she went through her different problems, that became worked out by other Christians with true faith. What a great witness. Thank you, Lori.

IGOT

I've always loved Lori Wick's even since I first found & read The Princess & as far as I know I've read all of them.

Amerikan_Volga

Not one of Lori Wick's better books, and the dialogue seemed a little stunted in many parts, but it was a good quick romance to read on vacation.

I love these books. When you start reading them it's hard to put them down.
