Considered to be the saltiest shore in England, the Blackwater provides the background for John Leather's story of Essex seafaring. It is an accurate study of men and craft that have sailed from the small communities beside this broad estuary and river. wildfowling and often smugglers join the sailing smacks and bages, brigs, bumkins and gunpunts in this workaday watery world. crews when summer cruising and racing, even to crossing the Atlantic in quest of the elusive America's Cup. skills and craft. Their traditions, independent outlook and everyday enjoyments have lingered to the present in the Blackwater's unique flavour of sail and oar.

## Reviews of the *The Salty Shore* *by* John Leather

Sharpbringer

good copy good reading

Qutalan

This is classic John Leather. Lots of detail about the area and very interesting. Really covers the boating and fishing history of the area. Not many books like this, but you gotta love detail.
