Reviews of the Lotus Prob Disk-Intermed Financial Mgt5e

Mataxe

The book not only arrived on time but in great condition. This book looks brand new. No damage to the cover and no signs of any markings on the pages.

Bludsong

Brigham has created another fine book to be used as a companion to his corporate finance text. The only problem is that some chapters are duplicated from the corporate finance text. The chapters are nicely laid out however, and it is easily readable.
