## **Reviews of the A Writer's Resource: A Handbook for Writing And Research by Janice Peritz, Kathleen Blake Yancey, Elaine P. Maimon**

Saithi

Very detailed and easy to understand book. The covers are completely worn out as this book gets used a lot. It very easy to find the reference you are looking for. I find it easier and more reliable than Internet. No matter what your writing level this book will help you with any of your writing

papers.

In great condition and the price was great. Bought it to use in for my class and never had to open it! It will be great for my kids in their classes in school.

Wizard

Great reference book to keep your writing on track. The format is easy to understand and examples are very good. This book has help me to keep my grades up in many of my classes.

Nalaylewe

This book was required for my freshman ENG 101 class in college, and I still reference this book in my independent research papers. The section on formatting different styles of papers is a fantastic reference and really makes it worth purchasing this reference! I'm happy that I kept this book, and recommend it to those needing an excellent "writer's resource" guide. I have found it to be a great go-to guide covering many different topics related to writing.

Danial

Good stuff in here

Ordered this book for high school son that is a freshman knowing he will use it for reference the next 4 years plus into college. A great buy and value for the money.

Hono

I am a psychology bachelor degree student and this helped a lot with me learning the new format of APA and the price and delivery time was great!

this is a nice book. this is a writers resource handbook for writing and research by author Elaine P. Maimon
